All Aboard for More Service and Savings!

Two new train initiatives are rolling out of the proverbial station this summer. Starting June 9, Cuyahoga Valley Scenic Railroad is offering increased Akron service and a special \$2 Bike Aboard! fare for cyclists. It's more convenient and affordable than ever to use the train to visit Cuyahoga Valley National Park.

Classic excursions and special train programs still run from both Rockside Station in Independence and Akron Northside Station. Pages 8 and 9 have all the details. The new Akron service conveniently adds more days of the week and times to the southern route. Trains depart Akron Northside Station on Wednesdays through Sundays at 10 a.m. and 1 p.m. Visitors to the south now have plenty of choices.

The new \$2 fare is also something to celebrate! Whether you are a confident cyclist or a pint-sized learner with training

wheels, you can ride your way to better health. Bike Aboard! allows cyclists to bike the Towpath Trail in one direction and ride the rail in the other for just pocket change. Think about it: for only eight quarters you can ditch the car and become a fitness commuter, shuffling your way to a healthier body. You choose how far you want to go. Experiment with a short trip, then build up to longer ones if you want.

Did we mention celebration? Join us for the Bike Aboard! Kickoff on Saturday, June 9. Pages 6 and 7 have the details on these festivities, the Bike Aboard! train schedule, days when a park ranger is available for extra assistance, and more!

Make this the summer you ride the rails in your nearby national park. How cool is that?
